

George.I.N.Rozvany, Tomasz Lewiński (Eds.) , Topology Optimization in Structural and Continuum Mechanics. CISM International Centre for Mechanical Sciences 549. Courses and Lectures . Springer Wien Heidelberg

New York Dordrecht London, CISM, Udine 2014. 471 pp.

Artykuły pracowników Zakładu:

G.I.N. Rozvany, T. Sokół: Validation of Numerical Methods by Analytical Benchmarks, and Verification of Exact Solutions by Numerical Methods, pp. 53-69, In: George I. N. Rozvany, Tomasz Lewiński (Eds.), Topology Optimization in Structural and Continuum Mechanics. CISM International Centre for Mechanical Sciences 549. Courses and Lectures. Springer Wien Heidelberg New York Dordrecht London, CISM, Udine 2014.

T.Lewiński, T.Sokół, On basic properties of Michell's structures pp. 87-128. In: George.I.N.Rozvany, Tomasz Lewiński (Eds.), Topology Optimization in Structural and Continuum Mechanics. CISM International Centre for Mechanical Sciences 549. Courses and Lectures. Springer Wien Heidelberg New York Dordrecht London, CISM, Udine 2014.

G.Dzierżanowski, T.Lewiński, Compliance minimization of two-material elastic structures. pp 175-212. In: George.I.N.Rozvany, Tomasz Lewiński (Eds.) , Topology Optimization in Structural and Continuum Mechanics. CISM International Centre for Mechanical Sciences 549. Courses and Lectures. Springer Wien Heidelberg New York Dordrecht London, CISM, Udine 2014.

S.Czarnecki, T.Lewiński, The Free material design in linear elasticity. pp 213-257. In: George.I.N.Rozvany, Tomasz Lewiński (Eds.) , Topology Optimization in Structural and Continuum Mechanics. CISM International Centre for Mechanical Sciences 549. Courses and Lectures. Springer Wien Heidelberg New York Dordrecht London, CISM, Udine 2014.
